Dear Sirs

Re: RBS Treeworks

I write this letter as a recommendation for RBS Treeworks following some work that they carried out for us in the spring of 2006. The initial meeting to discuss said work was open and courteous and the extent of the work to be undertaken was explained in a full and understandable manner. On the day of the work itself, both Craig and his co-worker appeared on time and completed the work with the minimum of fuss and disruption. All tree waste was taken away and the garden was left in an immaculate condition.

I would not hesitate to recommend RBS Treeworks to anyone!

Yours Sincerely
