To Whom It May Concern:

I am pleased to confirm that RBS Treeworks removed a large ash tree from the above property. All works from the speed of the inquiry response to the actual removal was completed in a very satisfactory manner. The site was left clean and tidy and the operatives were polite and courteous to the neighbors and myself. All health and safety requirements were implemented.

As also Managing Director of housebuilders Westbury Homes I would have no hesitation in recommending RBS Treeworks.

Yours sincerely
